E-Waste the right way

**E-Waste Banned
from Illinois
Landfills
January 1, 2012**

A Green Service Partnership

Data Source's E-Waste The Right Way program was developed to assist its service partners meet the state's mandate which prohibits the collection of E-Waste for disposal in landfills in the State of Illinois. The program is designed to provide a convenient, safe solution that is cost and environmentally responsible.

Beginning January 1, 2012, Illinois law bans, covered electronic devices and other eligible electronic devices such as those listed in the captioned area of this flyer, from being collected for disposal in an Illinois landfill. Data Source and its fully certified sustainability affiliate provider Asset Recycling Company of America offer E-Waste the Right Way as a solution.
